Prospectus

Mount Saint Mary's College was founded in 1808 by Rev. John Dubois, who afterward became Bishop of New York.

In 1830 it obtained its first charter from the legislature of the state of Maryland. The College is registered in full by the Regents of the University of the State of New York. It can be readily seen how great an advantage is connected with this registration, since the Degree of Bachelor of Arts, conferred by Mount Saint Mary's College, entitles its holder to enter at once upon university work.

Since its foundation there has been maintained in connection with the College an Ecclesiastical Seminary. Many of the students of this department defray their expenses, wholly or in part, by teaching in the College.

The institution is directed by an association of secular clergymen who, with several lay professors, compose its faculty.

Its material interests are controlled by a Board of Directors, of which the Archibishop of Baltimore is, *ex officio,* the President.

At the annual meeting of the Council of the College, held on Commencement Day, June 15, 1905, it was unanimously agreed to form in connection with the Council an Advisory Board, whose duty it will be to act with the Council upon all matters pertaining to College welfare except studies and discipline. It was the sense of the meeting that such a body would be of great benefit. In doing this the College gladly acknowledges the services of its lay alumni in the past, and invites a more intimate cooperation from them in the future.

The following gentlemen were elected to constitute this board:

A. V. D. Watterson, LL.D., Pittsburgh, Pa.
*Hon. James McSherry, LL.D., Frederick, Md.
Edward J. Dunphy, LL.D. New York, N. Y.
Richard M. Reilly, LL.D., Lancaster, Pa.
John F. Cogan, A.M., Brooklyn, N. Y.
Francis J. Guilfoile, LL.B., Waterbury, Conn.

*This distinguished and faithful alumnus died Oct. 23, 1907.

The Centennial

The Centenary of the foundation of the College and Seminary will be commemorated on the 14th and 15th of October this year. It is the third in regard to age of Catholic educational establishments for young men in the United States, and during the hundred years of its existence has given to the Church and to the State many illustrious bishops, priests and laymen, whose record shines on the glorious pages of our country's history. This will fix once again, as it has often before, the attention of the Catholic public, and bring to the centennial festivities many distinguished visitors who will be happy to show their appreciation of the services rendered to religion and to science by this typical American institution.

Location and Buildings

The College buildings are beautifully situated on high ground at the foot of the Maryland range of the Blue Ridge Mountains. The location is healthful and convenient of access. The celebrated Academy of St. Joseph and the Motherhouse of the Sisters of Charity, founded by Mrs. Seton, are in the immediate vicinity.

To most parents not the least of the many advantages offered by Mount Saint Mary's College is its quiet seclusion and remoteness from the distractions and dangers of the city—its very situation making it an ideal home of study and moral development. The vicinity of the College is a pleasant summer resort.

The buildings are substantially constructed of stone. The class-rooms, study halls and dormitories are spacious, well ventilated and comfortable in both summer and winter. For illumination, gas with Welsbach burner is used throughout the buildings.

All the buildings are heated by steam and supplied with the most approved system of lavatories, bath and toilet rooms. In a word, the appointments of the buildings throughout meet all reasonable requirements for health and comfort.

Minim Department

In addition to the buildings described above, there is a separate department for small boys who are not likely to profit by ordinary College discipline and study. These boys have their own

INTERIOR OF GYMNASIUM

study hall, class-rooms, dormitories and playground. Boys under fourteen years of age are usually admitted to this department.

Recreation Grounds

The recreation grounds are extensive, including several terraces and a beautiful grove. Besides these features there is one of the finest athletic fields in the country. These grounds afford to the students every facility for baseball, football, running and other outdoor sports.

During recreation hours students are permitted to leave College bounds in the company of a prefect or tutor for walks through the country.

The Gymnasium

The Gymnasium is a handsome, substantial building, complete in all modern equipment. It contains under one roof, bowling alleys, a large billiard hall, a society hall, baths and a large swimming pool. This building is to the students at all times a source of the greatest pleasure and health.

In connection with the gymnasium, there is given a full course of Physical Culture.

Government

The effective though unobtrusive supervision of the clergy, aided by the constant presence of the prefects, secures the peaceful reign of good order, industrious application to study and obedience to the laws of morality and social propriety. Gentle reproof, kindly correction, the instinct of honor and, above all, moral and religious influences, are generally found effective in the maintenance of College rules, discipline and study. All are instructed in the doctrines of the Catholic religion and trained to the practise of Christian morality. Vocations to the clerical state are frequent in the higher classes, and the piety and purity of youth are guarded and promoted in every possible way.

Domestic Department

The Domestic Department and Infirmary are under the direction of the Sisters of St. Francis, whose eminently successful work is ample guarantee that the material comforts of the stu-

dents are at all times carefully consulted. In sickness and in health the students are treated with the greatest kindness and solicitude. The College authorities gratefully acknowledge the invaluable assistance of the Sisters, regarding them as a very important adjunct to the success of the College.

Conditions of Admission

All applicants for admission into the College must present satisfactory letters from their pastors, or other persons known to the authorities. Those coming from other colleges must also present certificates from the superiors of these institutions, stating the studies made and vouching for the good conduct, industry and honorable dismissal of the applicant.

Students will be received at any time.

Examinations

The classes of new students are invariably determined by examinations at the time of entrance.

Monthly written examinations are held in those classes in which the nature of the work permits.

Public examinations take place half-yearly—in January and June. Besides the oral examinations at the end of the school year, there is also a general written examination, by which are determined the first honors of the College, consisting of a gold medal in each class.

Students attending the College for more than one year, are promoted in course at the beginning of each scholastic year, if they have attained the required standard in class work, and in the public oral and final written examinations of the preceding year.

Reports of all the classes are read monthly in the presence of the Faculty and students and are then sent to parents or guardians.

Courses of Studies

College Course

The College course, which must be followed by those who desire to take the degrees, embraces the Latin and Greek languages, French or German, Mental and Moral Philosophy, Logic,

Mathematics, Chemistry, Natural Philosophy, Geology, Rhetoric and Literature, History, Christian Doctrine and Elocution.

The study of Chemistry, Astronomy and other sciences is facilitated by an excellent apparatus, a chemical laboratory and an extensive mineralogical collection.

Through the kindness of a friend the College was enabled two years ago to equip with the latest appliances a laboratory for the practical and thorough study of Physics, Chemistry and Biology.

In connection with this there has been inaugurated a special three-years' course for the benefit of students preparing for a scientific career. Only those who have completed all the studies of the Freshman Class are permitted to enter this course.

Students following this course will be required to take French and German for two years in place of Greek. At the end of the Sophomore year they may discontinue Latin.

All in this class will be required to follow the usual two years' course in Logic, Metaphysics and Ethics.

The successful completion of this course leads to the degree of A.B.

The Preparatory or Academic Course

The Preparatory or Academic course, which is a preparation for the College course, is a classical High School. The curriculum of studies embraces Latin, Greek, English Grammar and Rhetoric, French, German or Spanish, Arithmetic and Algebra, History and Christian Doctrine. This course covers a period of four years. Only those who have successfully completed the regular Grammar course in a recognized school will be admitted to this department. A student who cannot produce a satisfactory certificate will be examined and listed accordingly.

Special classes will be formed for the benefit of those who are not sufficiently advanced to enter the Academic Department.

There is a Business Course in which the study of Latin and Greek is optional, and more attention is paid to commercial studies, such as Bookkeeping, Commercial Law, Mercantile Accounting and kindred branches.

All are required to follow the course of studies prescribed for the department into which they enter.

Degrees

The Degree of Bachelor of Arts is conferred on those students who have followed and completed the regular collegiate course, subject to the following conditions:

1. At least the last year of the course must have been made in this College.

2. Each candidate, both in the January and June oral examinations and in the June written examinations in all the classes of the Senior Course, must have attained the standard required by the rules for graduation.

3. He must prepare a literary essay or discourse satisfactory to the Faculty, and deliver the same in public on Commencement Day, if requested to do so.

The Degree of Master of Arts is conferred on those students who, for at least two years after taking the degree of A.B., have devoted themselves to additional studies, or to some literary pursuit or learned profession, and who make timely application for the degree.

College Sessions

The sessions 1908-1909 of the College begin Friday, September 11, 8:30 a. m., and the first day of February, continuing five months each.

There is a recess at Christmas. If students leave College during that time they must return promptly on the appointed day. No student will be permitted, except for reasons of absolute necessity, to absent himself from College at any other time during the school year while classes are in progress.

Students returning late in September, or failing to report promptly after the Christmas recess, forfeit their right to compete for prizes and honors.

It may be well in connection with this to call the attention of parents and guardians to the necessity of insisting that those under their charge be trained in habits of promptness and punctuality. Students are required to return on the day appointed. A violation of this rule, unless accompanied by a *written* explanation satisfactory to the College authorities, may subject the student to suspension or dismissal. The College, therefore, asks from parents and guardians a most cordial cooperation in this and all other matters pertaining to College discipline.

Recreation Days

Besides the regular weekly holiday—Thursday—the Sundays and Holy Days of Obligation during the year and the Christmas holidays, the following are the only days on which classes are regularly suspended:

Wednesday in the third week of October—"Barbecue,"—which is devoted to field sports.

The day following the annual Spiritual Retreat at the end of October.

The day preceding Thanksgiving Day.

The day following the close of the mid-year examinations.

Washington's Birthday.

Saint Patrick's Day.

The last three days of Holy Week.

Easter Monday. (Students return Easter Monday night.)

Decoration Day.

Board, Tuition, Washing and Mending of Linen, per session of five months.....	150.00
Medical Attendance and Medicines, per session.....	5.00
Gymnasium, Physical Culture and Reading-room Fees, per session	5.00

Three years ago the College granted to the members of the Senior Class the privilege of renting private rooms. In view of the Seminary Building, now rapidly nearing completion, the College will soon be able to extend the privilege of private rooms to the other classes in the order of seniority. As the number of private rooms is limited and the number of applicants very numerous, the College finds it necessary to say that no rooms for the coming year will be reserved unless proper application is made before the first day of August. After that date a room will be considered vacant and will be given to the first applicant, provided his character, class-standing and application so warrant. In case of several applications coming at the same time, the preference will be given to the applicant in a senior class.

Charges—Minim Department

Board, Tuition, Washing and Mending of Linen, per session of five months.....	$125.00

Vacation Board	80.00

Bills are rendered twice a year, in September and February, and must be paid *in advance*. When bills are not paid on presentation, the College reserves to itself the privilege of issuing a *draft* for the amount, and the non-acceptance of such draft will be considered a notice of the student's withdrawal, unless a satisfactory explanation is made.

Every student from outside the United States must have a guardian or representative in this vicinity, who shall be responsible for the regular payment of his expenses, and with whom the College may readily correspond whenever necessary.

No deduction will be made in case of withdrawal during a session, except for cause satisfactory to the College authorities.

Students may enter at any time, and will be charged only from date of entry.

Every student should have, on entering, at least two suits of heavy and two suits of light outer clothing, three suits each of heavy, medium and light under-clothing, a set of table napkins, a napkin ring and one-half dozen towels.

In regard to pocket money, the College would suggest to parents and guardians the wisdom of economy. The College will not advance money for this purpose, preferring to leave the matter entirely and directly between parents and guardians and the students. In future, therefore, this item will not enter into the bills rendered by the College.

Books, stationery and clothing will be furnished at current prices by the College, at the request of parents, provided a deposit to pay the probable cost is made *in advance*. *Positively* no money or other articles shall be furnished to any student by the Treasurer *unless such deposit has been made in advance.*

Parents and guardians must see the reasonableness of this rule and should, therefore, either supply their boys with all neces-

sary articles of clothing, etc., or deposit *in advance* with the College Treasurer funds sufficient to cover cost of same.

When a student is about to withdraw from College, timely notice must be given, his account settled and traveling expenses provided for.

Although the College is accessible by rail by way of either Frederick, Hanover, Gettysburg, Hagerstown or Thurmont, the most convenient route is by way of Union Depot, Baltimore, and thence over the Western Maryland and Emmitsburg railroads.

The annual vacation begins on June 17, 1908 (Commencement Day). The College reopens Friday, September 11, with Mass at 8:30 A. M. Students are required to be present on the evening preceding, September 10. The retreat for members of the Ecclesiatical Seminary begins Thursday, September 3, at 7 P. M. All students in the Seminary must be present at noontime on that day.

Centennial Greetings

On the 14th and 15th of next October Mt. St. Mary's College will celebrate the centenary of its foundation, and the College authorities take this occasion to extend a most cordial invitation to all the Alumni and other friends of the institution to unite with them in making the celebration memorable and historic. Owing largely to the loyal, energetic and generous support of its Alumni the College has continued to grow in numbers, and has been enabled to make certain material improvements in order to accommodate this increase in the number of students, both in the Seminary and College departments. This year the total registration is 350, the largest in the history of the institution.

Two years ago the Council recognized the necessity of another building, and decided to erect a Seminary building. The corner-stone of the new Seminary was laid October 8th, 1906, Rt. Rev. A. A. Curtis, D.D., V.G., Baltimore, officiating. This imposing and handsome building will be solemnly dedicated during commencement week, and occupied next September. By this arrangement all the present buildings will be devoted exclusively to College requirements. This will give greater class-room facilities, and also a number of private rooms, for which there is an ever-increasing demand.

The College Chapel

At a meeting held on last commencement day, the Alumni pledged themselves to raise a building fund of $100,000 for the Centennial. Encouraged by this generous promise the College authorities at once procured plans for a chapel. Ground was broken on the 26th of last August, and the corner-stone was laid by Rt. Rev. Bishop Curtis on April 24th. Judging from the rapid progress of the work, it is reasonable to hope that the chapel may be used for service at the Centennial celebration. The new Seminary and College chapel will form two noble monuments to commemorate this great event.

The College now appeals to all its Alumni and other friends for funds to complete the improvements now under way, and to undertake others demanded by its favorable prospects. The Alumni can help not only by their own prompt and generous contributions, but also by their efforts to enlist the support of others.

The establishment of a few scholarships would be a great benefit to the College.

The outlook for the College was never brighter, and it now appeals to all its friends for the aid necessary to extend its great work.

PUBLISHED BY

The Students of Mount St. Mary's College

THE MOUNTAINEER is the recognized organ of the students and Alumni of Mount St. Mary's College. Its object is literary improvement, the chronicling of interesting events at the College and the cementing in a more vital bond of fellowship the members of the Alumni, to whom it is invaluable.

Published every month during the school term in the very center from which all college news emanates, and at the point toward which all Alumni gossip is directed, it is a safe and reliable medium of college information and the only exact chronicler of Alumni news.

Being under the direction of the students, it must rely for its support upon the friends of the College. The aid of the Alumni is, therefore, respectfully requested and will be greatly appreciated.

St. Joseph's Academy for Young Ladies

Emmitsburg, Md.

This beautiful and commodious institution, fostered in the same nursery as Mount St. Mary's, has always held the highest reputation for the refined and virtuous education given to its pupils. It is situated in a lovely valley at the foot of the Blue Ridge, about two miles from the College, and about one-half mile from Emmitsburg.

The location, as well as the high standing of these two institutions, offers peculiar advantages to parents who have both sons and daughters to be educated, for both may be visited at the same time, and the brothers and sisters have the opportunity of seeing one another every week during the course of the academic year.
